Our Advantages

Why choose KM diode laser hair removal machine?

* Much stable and higher powerful new golden welding laser module with USA Coherent bars. It can shot about 30 million times.

* Double water filters, only change filters per 6 months and 1 year. And some old filters in some machines need change filter every month .

Save much maintenance cost and times for you.

* New Italy Bluid-o-tech imported water pump replaced Chinese pump with better cooling system and more quiet during treatment. Those obvious difference will be found when your customers compare with some machines with Chinese water pump.

*Japan TDK Six way power supply replaced four way power supply, much higher and stable output.

* TEC cooling system , can control water temperature by yourself to keep 808 diode laser machine running continuously within 24 hours even in Summer . Same function as your A/C in your house.

* Various power laser modules for your option , 300W 500W 600W 800W 1000W 1200W 1600W ... (6bars 10bars 12bars 16 bars)

* Single 808 wave, 755nm/808nm/1064nm double wave and triple wave for option.

* Same inside parts as KM Titanium ICE

New KM laser technology advantages
