

Lightweight Fiber Laser Hair Removal Machine Portable Permanent Hair Removal System

Our Product Introduction

for more products please visit us on wfkmdz.com

Basic Information

- Place of Origin: Shandong, China
- Brand Name: protable fiber coupled diode laser 808nm
- Model Number: DIODE LASER
- Price: \$3,880.00/sets 1-79 sets
- Packaging Details: fiber coupled diode Laser Hair Removal Device with Aluminum box and carton box
- Supply Ability: 500 Set/Sets per Month

Product Specification

- Q-Switch: NO
- Laser Type: DIODE LASER
- Style: PORTABLE
- Type: Laser
- Name: Fiber Laser Hair Removal Machine
- Feature: Anti-Puffiness, Pigment Removal, Skin Tightening, Anti-Hair Removal, Hair Removal, Skin Rejuvenation
- Application: For Commercial
- After-sales Service Provided: Free Spare Parts, Online Support, Video Technical Support, Field Installation, Commissioning And Training, Field Maintenance And Repair Service
- Warranty: 2 Years
- Product Name: Fiber Coupled Diode Laser
- Function: Hair Removal Permanently
- Output Power: 60W 80W 100W 120W Option

Safety and quality are non-negotiable in beauty machine industry

Safety and quality are non-negotiable in beauty machine industry **The important data behind**

machine use professional testing tools 1)**Power meter**: coherent power meter, professional testing laser power 2)**Energy meter**: Israel imported VEGA energy meter, professional testing laser energy output 3)**Spectrometer**: Spectral wavelength tester to make sure each laser wavelength is accurate 4)**Energy tested report**: Each machine through the United States coherent energy meter detection

Android system

Diode laser titanium with **4K screen Android, wifi, bluetooth, 3D Animation** intelligent ipad screen, even you can google, watching TV, listening music, screen shot.

Fiber laser hair removal instrument uses a unique and innovative optical fiber output mode, the output energy attenuation is low, **almost no loss, so the optical output energy is higher**. The measured data show that the optical power energy of the laser is 4 to 808 times that of the traditional 3nm semiconductor laser.

Better effect, more optimized energy control, more efficient and faster hair removal, more stable energy output.

DIODE LASER VS FIBER LASER

-The optical power energy is 3~4 times that of the traditional semiconductor laser, and the hair removal effect is better.

-At the same time, the output of light energy is more uniform, avoiding the occurrence of excessive local heat caused by uneven energy.

Better heat dissipation design:

The optimized semiconductor laser chip scheme integrates the traditional semiconductor laser chip to make the chip heat faster. At the same time, the diameter of the cooling water channel is enlarged, and the cooling time is faster and longer.

2023 VERSION
KM UNIQUE DESIGNED MODEL

Longer laser life:

Optimized chip solutions greatly ensure the cooling efficiency of the laser. At the same time, it also avoids the blockage of the traditional semiconductor laser caused by the micron cooling water pipe and the burning of the laser caused by the instantaneous thermal condensation caused by the ambient temperature difference.

When this occurs, the failure rate of the instrument is further reduced and the manufacturer enjoys a quality guarantee with a 2-year free manufacturer's warranty.

WHY CHOOSE US

1) **In stock 12 hours delivery**

2) **Print any color** you want for your machine, make it be your and your client's favorite.

3) **Print your logo** on the machine shell and add it to the system as a welcome interface. Make it exclusive in the world.

4) **Add any language** into the machine system, according to you and your client's requirements.

5) Add the Remote Rental System into the machine to do lease business.

6) **Design an exclusive machine shell for you, form your own brand in the market.**

7) Design a new interface and system of machine, making it most convenient for you and your clients.

8) Develop the newest technology to satisfy you and your client's demand. aser machine hair removal made in US hair removal ice
