

Long Pulse Nd YAG Laser Hair Removal Machine Portable For Commercial

Our Product Introduction

Basic Information

- Place of Origin: Shandong, China
- Brand Name: Healthy&Beauty
- Model Number: Picosecond Laser
- Price: \$1,380.00/sets 1-99 sets
- Packaging Details: outside:carton box
inside:aluminium box

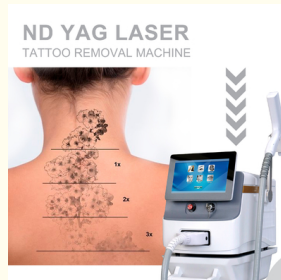

Product Specification

- Name: Long Pulse Nd YAG Laser Hair Removal Machine
- Q-Switch: NO
- Laser Type: Nd: Yag Laser
- Style: Portable
- Type: Laser
- Feature: Acne Treatment, Anti-Puffiness, Pigment Removal, Pigmentation Correctors, Tattoo Removal
- Application: For Commercial
- After-sales Service Provided: Free Spare Parts, Online Support, Video Technical Support, Field Installation, Commissioning And Training, Field Maintenance And Repair Service
- Warranty: 2 Years
- Colour: Red,blue,slivery,pink,white,and So On
- OEM ODM Services: YES

Product Description

Air Water Temperature Control Nd Yag Laser Tattoo Removal Machine For Big Promotion

Products Description

Picosecond Facial Rejuvenation active Q-Switched Tattoo Removal nd yag laser

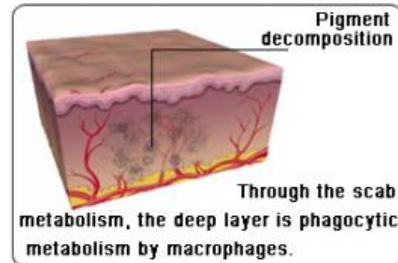

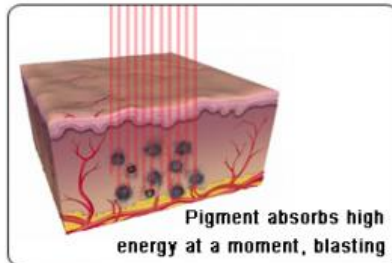

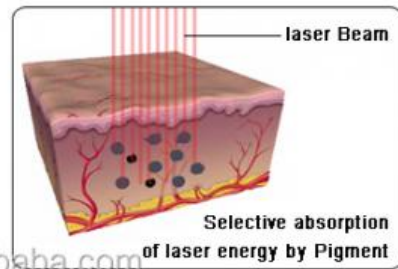

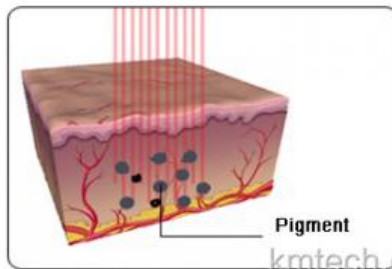

Treatment Therapy:

Principle of laser tattoo removal: 1. Laser tattoo removal is the only method proven to remove tattoos without scarring. 2. To remove a tattoo, the laser is pulsed over the tattoo, directing its light energy towards the ink. 3. The energy is absorbed by the ink particles which then shatter into tiny fragments. 4. In the days following the laser procedure, the body's immune system will flush away the shattered ink particles and cause the tattoo to fade. 5. With more treatments, more ink will be shattered leaving the skin free of the tattoo.

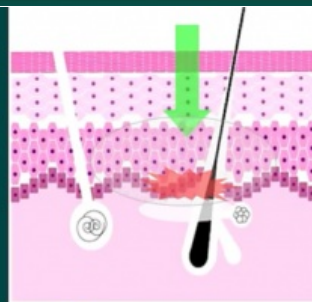

Applications for picosecond laser:

1. Tattoo removal 2. Eyebrow embroidery removal 3. Eyeliner removal 4. Remove chloasma 5. Skin whitening 6. Removal of birthmark 7. Onychomycosis 8. Excision of nevus 9. Senile plaque removal 10. Melasma removal

Principle

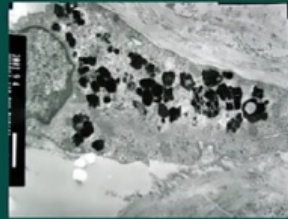

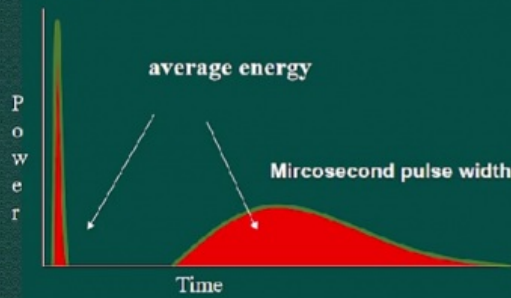

Tattoo removal

Pigment removal

- Effectively destroy melanin bodies and tattoo pigment
- Ultra-short pulse width effectively destroys melanin bodies and pigments by photoacoustic effect

Nanosecond pulse width

Dr. Wang Hongwei
Peking Union Medical College Hospital

Pigment removal

- ◆ 3 treatment tips for tattoo removal, birthmark removal, carbon peeling, skin whitening treatment.

- ◆ 1064nm tip

- ◆ 532nm tip

- ◆ 1320nm carbon tip

Portable picosecond laser advantages High energy & Shot pulse duration

The power emit in trillions of a second to skin tissue, which can explore the pigment into much more small pieces than traditional Q:switch laser. The pigment pieces can be absorbed more easily and faster.

Minimal risk and less pain Since the pulse duration has been reduced thousand of time, less damage of skin is realized. The treatment is more safe and less pain.

No anesthesia during the treatment, No inflammation Fast For tattoo removal, usually 6-8 treatment is necessary by Traditional Q:switch laser. With pico second laser, only 3-4 treatment is needed only for completely removal.

High performance Completely removal of tattoo and pigment can be reached with Pico second technology. Suitable for skin color from I-IV skin Type, no hype pigmentation after treatment.

THE FUNCTIONS

Advantages:

Pigment clear rate is higher

Pigment removal speed is faster

Refused to stimulate melanin active again risk

Remove melanin colleagues and start repair mechanism

Don't damage the normal tissue

SHORT DURATION

2000ps short duration, painless, no blood.

NEW TECHNOLOGY

Utilize active Q switch picosecond technology.

STABLE ENERGY

Laser device place on the handle, avoid energy loss.

HIGH FREQUENCY

1-20HZ high frequency, suitable for more treatments.

Use active Q-Switch Picosecond technology
Laser device place on handle, no energy loss

1064nm & 532nm

Treatment head can be changed precisely

TREATMENT EFFECT

Company Profile

WHY CHOOSE US

Professional OEM , ODM service for Ice laser machine

1)In stock 12 hours delivery

2) **Print any color** you want for your machine, make it be your and your client's favorite.

3) **Print your logo** on the machine shell and add it to the system as a welcome interface. Make it exclusive in the world.

4) **Add any language** into the machine system, according to you and your client's requirements.

5) Add the Remote Rental System into the machine to do lease business.

6) **Design an exclusive machine shell for you, form your own brand in the market.**

7) Design a new interface and system of machine, making it most convenient for you and your clients.

8) Develop the newest technology to satisfy you and your client's demand. aser machine hair removal made in US hair removal ice
