

3 In 1 Q Switch ND Yag Laser Machine Tattoo Removal OEM ODM Services

Our Product Introduction

for more products please visit us on wfkmdz.com

Basic Information

- Place of Origin: Shandong, China
- Brand Name: Healthy&Beauty
- Model Number: KM-L-100B
- Price: \$1,360.00/sets 1-99 sets
- Packaging Details: outside:carton box
inside:aluminium box

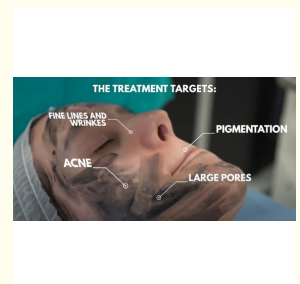

Product Specification

- Name: Q Switch ND Yag Laser Machine
- Q-Switch: NO
- Laser Type: Nd: Yag Laser
- Style: PORTABLE
- Type: Laser
- Feature: Acne Treatment, Anti-Puffiness, Pigment Removal, Pigmentation Correctors, Tattoo Removal
- Application: For Commercial, For Commercial & Home Use
- After-sales Service Provided: Free Spare Parts, Online Support, Video Technical Support, Field Installation, Commissioning And Training, Field Maintenance And Repair Service
- Warranty: 2 Years
- Colour: Red,blue,slivery,pink,white,and So On
- OEM ODM Services: YES

Product Description

3 In 1 Q Switched ND YAG Laser 1064nm 532nm 1320nm Tattoo Removal Laser OEM ODM Services

Buy 5 units, get 1 free laser handle

Buy 10 units get 1 free machine Why choose us?

1.-A 5 star golden supplier with 14 years in Alibaba

2.-TOP 1 trade assurance limit \$616,000

3.-Top 1 transaction level

4.-Assessed supplier by Bureau Veritas

5.-TUV Rheinland medical CE approval

6.-KM Products have covered more than 130 countries. Have Big agent

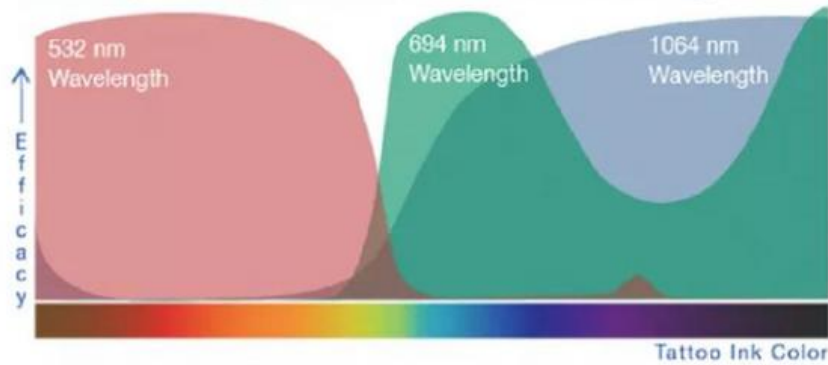

Q Switched Nd Yag Laser beauty Machine for tattoo removal, pigment removal and skin whitening treatment
Laser emitted by the system has a strong penetration ability which allows it to reach the deep layer of dermis. The pigment particles absorb the light energy and explode sharply, burst into the tiny pieces, thus diminish the color density and get rid of it. So the appliance can effectively do away with mutant pigmentations and vascular tissue based on undamaged ambient tissue. This is called 'Selective heat absorption' principle in medical field.

Laser technology has greatly improved the ability to treat melanocytic lesions and tattoos with the rapidly pulsed Q-switched neodymium: yttrium-aluminium-garnet (Nd:YAG) laser. The laser treatment of pigmented lesions and tattoos are based on principle of selected photothermolysis.

The Q-switched laser Systems can successfully lighten or eradicate a variety of benign epidermal and derma pigmented lesions and tattoos with minimal risk of untoward effects.

Efficacy of Ruby and Nd:YAG Laser Wavelengths

Suitable for all skin types and remove all colors tattoo and pigments

2,00,000 Shots Xenon Lamps

10 Shots/sec Fast Tattoo Removal

3 Treatment Tips 1064+532+1320nm

10 Seconds Fast Open Modular Shell

Approved By TUV Medical CE

Nd Yag Laser Application:

1) **Black Doll Treatment. Non-ablative Laser Rejuvenation (NALR-1320nm)** using carbon peel for skin rejuvenation.

2) **532nm:** for treatment of epidermal pigmentation such as freckles, solar lentigo, epidermal melasma,

etc.(mainly for red and brown pigmentation)

3)1064nm: for treatment of tattoo removal, dermal pigmentation and treating certain pigmentary conditions such as Nevus of Ota and

Hori's Nevus. (mainly for black and blue pigmentation)

Nd Yag Laser advantage:

1. Q Switched ND: YAG laser with more powerful pulse energy, ensuring more efficient pigments removal.
2. Airout pole- Airout pole, can help water circle very well, can protect handle form destroy.
3. emergency button-If come any thing Emergency,you can press the red emergency button,then the machine can not work any more.
4. high energy,no side effects,non-invasive,safe,easy to operation, portable
- 5.multi-language system,LCD display.
6. Will not destroy hair follicle, will not injure ordinary skin

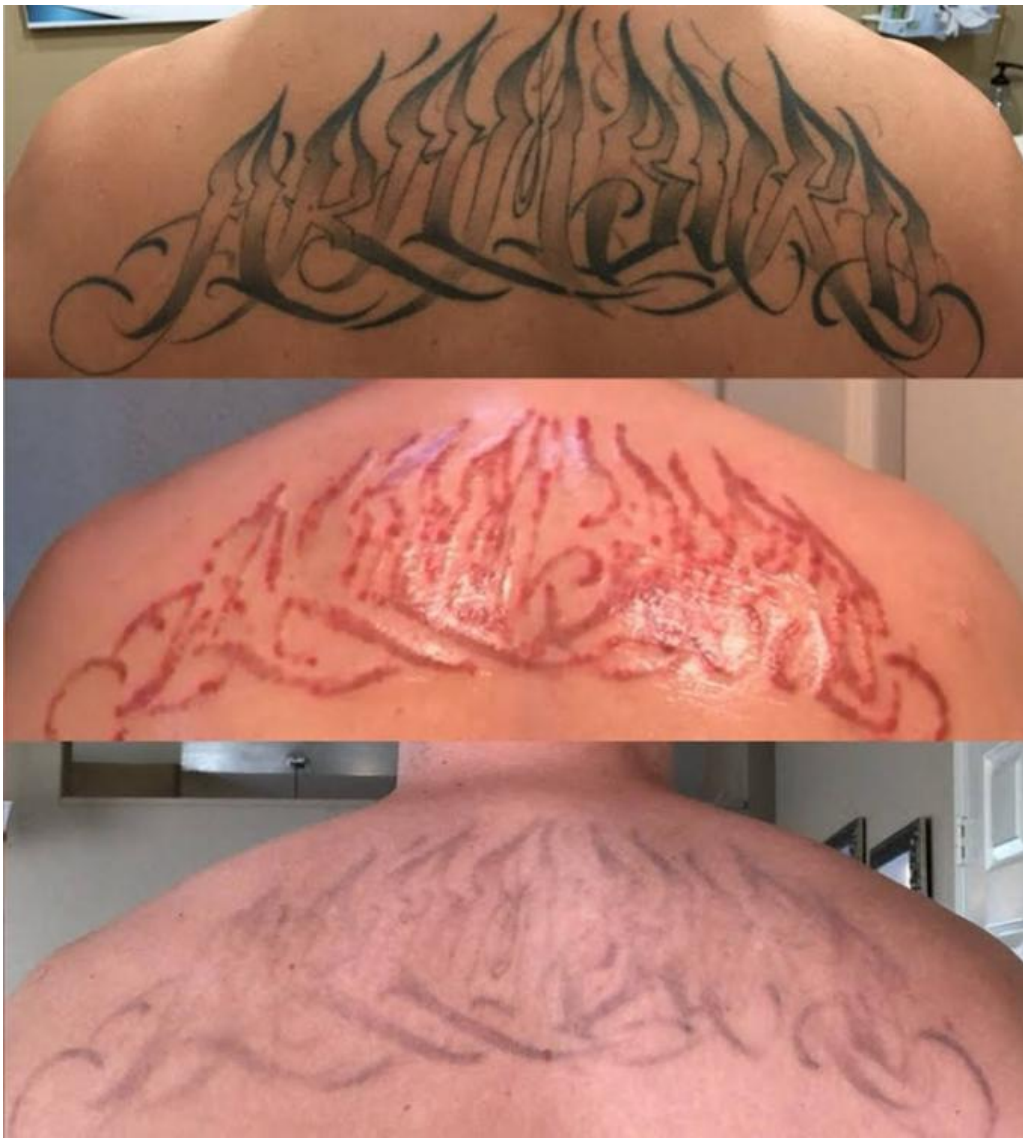

Laser Type	Q Switched Nd Yag laser
wavelength	532nm,1064nm,1320nm
Aiming Light	Red color (650nm)
Pulse Width	8-10ns
Facular diameter	1-5mm
Energy	1-1500MJ

.fast tattoo removal effects....

Treatment effect

WORKSHOP //////////////////// V

* TUV medical CE approved 93/42/EEC standard

* TUV ISO 13485:2016 newest standard and more strict for production line inspection

* There is few supplier get Medical CE and ISO13485 from TUV in China market now

* KM was founded in 2009, and we employ more than 100 highly valued team members. Every year, our team participates in beauty

machine exhibitions to actively learn about the demands of the beauty market from the customers and other industry professionals themselves. This allows us added knowledge to design more competitive products

* KM has many medical and production certifications around the world, including (TUV) CE, (TUV) ISO 13485:2016, new type machine shell patent certification, Import and export license, Medical equipment production enterprise license and we have been awarded a High-tech enterprise certificate in China.

* KM's enterprise vision is customer-oriented and we are dedicated to providing end customers with high quality and cost efficient beauty equipment. KM continues to work hard for customers in order to become a world famous supplier of beauty machines and medical equipment.
