KM[®]

Vacuum Rolle RF valashape machine technoogy:

Technology 1: Focus dual cavitation

The 40KHz cavitation technology itself means that the ultrasound causes the fat cells to vibrate (high frequency) so rapidly that vacuum bubbles are formed in the cells. As a result, the outer shell of the fat cell (membrane) is "blowed out" to remove the fat cells.

Technology 2: 940nm infrared light

Infrared IR increases intracellular oxygenation, producing a warming effect that leads to increased endorphin production, which reduces muscle and joint pain and stiffness. IR also enhances the elasticity of connective tissue, increases lymph and blood circulation, thereby promoting skin regeneration and restoring skin elasticity and shine.

Technology 3: Bipolar RF

1-10M RF energy can reach a skin depth of 4-15mm, which allows each layer to obtain even heat, stimulate collagen to re-grow, new collagen to make the skin firm, and avoid relaxation after treatment.

Technique 4: Vacuum Massage

Vacuum massage can enhance, shape and massage the deep layers and surfaces of the skin. Massage can also increase blood

circulation, which causes fat cells to release fat. The massage further provides firming skin.

Technique 5: Mechanical roller massage

Mechanical roller massage has a profound effect on dense connective tissue. Mechanical massage rollers enhance the cellular

genetic activity of the cells, leading to thickening of fat deposits and restoration of skin elasticity.

Unique advantages:

- 1.5 in 1 combination: Vacuum+RF+Roller+IR+LED
- 2.4 different size handles used for different body part (body, leg, arm, neck, face, eyes and so on),
3. USA imported vacuum pump, low noise and stronger power
4. 10Mhz RF for skin lifting, wrinkle removal, obvious function
5. body contour, slimming, skin lifting, wrinkle removal, body relax multifunctional combination
6. Truth Rollers come with 4 direction with different effect.
7. individual control in each handle, more convenient operation
8. 10.4 inch color touch screen, intelligent setting
