Our Product Introduction

for more products please visit us on wfkmdz.com

### Basic Information

- Brand Name: KM LASER
- Model Number: 2 IN 1 MACHINE
- Minimum Order Quantity: 1
- Packaging Details: box
- Delivery Time: 1-7days
- Supply Ability: 100sets

### Product Specification

- Power Output: 1800W 2000w
- Radio Frequency: 1MHz-10MHz
- Oxygen Jet Frequency: 1~5 Levels, Adjustable
- Training: Manual User+DVD+on Line Training
- Rated Power: 190W
- Cooling: Air+water+semi-conductor Cooling
- Package: High Quality Color Retail Box
- Laser Wavelength: 808nm-810nm/808+755+1064nm Option
- Highlight: **Multi Purpose Diode Laser Beauty Appliance, 2 Handles Diode Laser Beauty Appliance, Diode Laser Beauty Appliance**

**Product Description:**

The Multifunctional Beauty Machine is a cutting-edge diode laser machine designed to cater to a variety of beauty and skincare needs. With its compact size of 49\*45\*45 cm, this powerful device packs a punch with a power output of 1800W to 2000W, ensuring efficient and effective treatments.

Featuring the option of 6-16 laser bars, this diode laser machine offers versatility to customize treatments based on individual requirements. The laser wavelength ranges from 808nm to 810nm, with an additional option of 808nm, 755nm, and 1064nm, providing flexibility for various procedures including hair removal and laser tattoo removal.

For those looking for a comprehensive solution for facial skincare, the Multifunctional Beauty Machine comes highly recommended. Its advanced technology and customizable settings make it ideal for addressing a wide range of skin concerns, ensuring optimal results with each session.

Equipped with the latest features and functionalities, this diode laser machine is designed to deliver exceptional performance and precision. Whether you are targeting unwanted hair, pigmentation, or seeking laser tattoo removal, this multifunctional device offers a one-stop solution for all your beauty and skincare needs.

Experience the future of beauty treatments with the Multifunctional Beauty Machine. Transform your skincare routine with this state-of-the-art diode laser machine, and achieve radiant and flawless skin with ease. Elevate your beauty regimen and unlock the full potential of advanced laser technology with this innovative device.

### Applications:

KM LASER's 2 IN 1 MACHINES is a versatile multifunctional beauty machine that combines the power of both diode laser and ND:YAG laser technologies. With a wide range of applications, this machine is perfect for various beauty treatments in a professional setting. One of the key applications of this machine is laser hair removal. The diode laser technology used in this machine is highly effective in targeting and removing unwanted hair from different parts of the body. Whether it's for facial hair removal or full-body treatments, this machine delivers excellent results with its precise and powerful laser beams.

Another popular application of the KM LASER 2 IN 1 MACHINES is laser tattoo removal. The ND:YAG laser technology incorporated in this machine is specifically designed to break down tattoo ink particles, making it easier for the body to eliminate them. This machine is capable of targeting a wide range of tattoo colors and sizes, providing a safe and efficient solution for tattoo removal.

With a radio frequency range of 1MHz-10MHz and a rated power of 190W, this multifunctional beauty machine offers exceptional performance and reliability. The compact machine size of 49\*45\*45 cm makes it easy to incorporate into any beauty salon or spa setup. Additionally, the package size of 60\*51\*127cm<sup>3</sup> ensures that the machine is well-protected during transportation.

Whether you are looking to invest in a laser hair removal machine, diode laser machine, or laser tattoo removal device, the KM LASER 2 IN 1 MACHINES is a top choice for professionals seeking high-quality beauty equipment for their clients.

### Customization:

Product Customization Services for the Multifunctional Beauty Machine:

- Brand Name: KM LASER
- Model Number: 2 IN 1 MACHINES
- Training: Manual User+DVD+on Line Training
- Laser Wavelength: 808nm-810nm/808+755+1064nm Option
- Laser Bars: 6-16 Laser Bars Option
- Face Solution Recommend: Available
- Rated Power: 190W

Keywords: laser tattoo removal, Multi-functional Beauty Device, All-in-one Beauty Device

### Support and Services:

The Multifunctional Beauty Machine is equipped with a range of features to enhance the user experience. Our product technical support team is available to assist with any questions or issues that may arise. Services offered include troubleshooting assistance, software updates, and maintenance tips to ensure optimal performance.

### Packing and Shipping:

Product Packaging:  
The multifunctional beauty machine is carefully packaged in a sturdy cardboard box to ensure safe transportation. The product is wrapped in bubble wrap to prevent any damage during shipping.

Shipping:

We offer free standard shipping on all orders of the multifunctional beauty machine. The product will be shipped within 1-2 business days after the order is placed. Customers can expect to receive their order within 5-7 business days.

**FAQ:**

**1. What is the brand of this multifunctional beauty machine?**

KM LASER

**2. What is the model number of this beauty machine?**

2 IN 1 MACHINE

**3. What are the main functions of this multifunctional beauty machine?**

This machine combines two beauty treatments in one device, offering both facial rejuvenation and body slimming capabilities.

**4. Is this beauty machine suitable for all skin types?**

Yes, this machine is designed to be safe and effective for all skin types.

**5. How often should I use this beauty machine for optimal results?**

For best results, it is recommended to use the machine regularly as per the instructions provided, typically a few times per week.
