Product Description

Newest diode laser titanium machine Advanced imported basic parts

Much more stable and powerful gold welding laser module with German DILAS bars. Double Water Filters, Only change the filters for 6 months and 1 year. And some old filters on some machines need to change the filter every month. Save a lot of maintenance cost and time for you. New water pump imported from ItalyChina replaces the pump with better cooling system and quieter temperature treatment. Those obvious differences will be seen when your customers compare with some Chinese water pump machines. Six-way power supply Replaced four-way power supply, much higher and more stable output. TEC Cooling System You can control the water temperature by yourself to keep the 808 diode laser machine running continuously within 24 hours even in summer. Same function as your air conditioning in your home. Various power laser modules for your option, 300W 500W 600W 800W 1000W 1200W 1600W...(6 bars, 10 bars, 12 bars, 16 laser bars) Single wave 808, 755nm/808nm/1064nm Dual wave and triple wave option.
