

KM D16 White shell Portugal Depilation Diodo 755nm 3 Wave 810nm 808 nm Diode Laser Hair Removal Machine

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: KM
- Certification: CE ISO FDA TUV
- Model Number: D18
- Minimum Order Quantity: 1
- Packaging Details: box
- Delivery Time: 1-7days
- Supply Ability: 100sets

Product Specification

- Screen Size: 15.6 Inch
- Training: User Manual+Video+face To Face
- Big Spot Size: 13*15, 13*20, 13*25, 13*30, 13*35mm
- Spot Size: 12x12mm
- Q Switch: NO
- Type: Portable
- Country Of Origin: China
- Wavelength: 808nm/755 808 1064 940
- Highlight: Diode laser hair removal machine 755nm, Portugal depilation diode laser 810nm, D16 white shell laser machine 808nm

Technical Parameters:

Operation System:	Diode Laser
Shot Frequency:	1-10Hz

Wavelength:	808nm/755 808 1064 940
Laser:	Semiconductor Laser
Spot Size:	12x12mm
Languages Option:	English,Spanish, Portuguese, Turkish...
Wave Length:	808nm
Screen Size:	15.6 Inch
Q Switch:	NO
Application:	Permanent Hair Removal

Applications:

The KM D18 Diode Laser Hair Removal Machine is a portable home laser hair removal device that provides a safe and effective way to remove unwanted hair. The machine utilizes a 808nm wavelength diode laser that targets the hair follicle to prevent future hair growth. The device is manufactured in China and is available in English, Spanish, Portuguese, Turkish, and other languages.

The KM D18 is ideal for use in various occasions and scenarios, including:

Home use: The device is designed for home use, making it convenient for individuals who prefer to remove hair in the comfort of their homes.

Beauty salons: The device can be used in beauty salons to provide hair removal services to customers.

Spas: The device can also be used in spas to provide hair removal services to customers as part of their spa treatments.

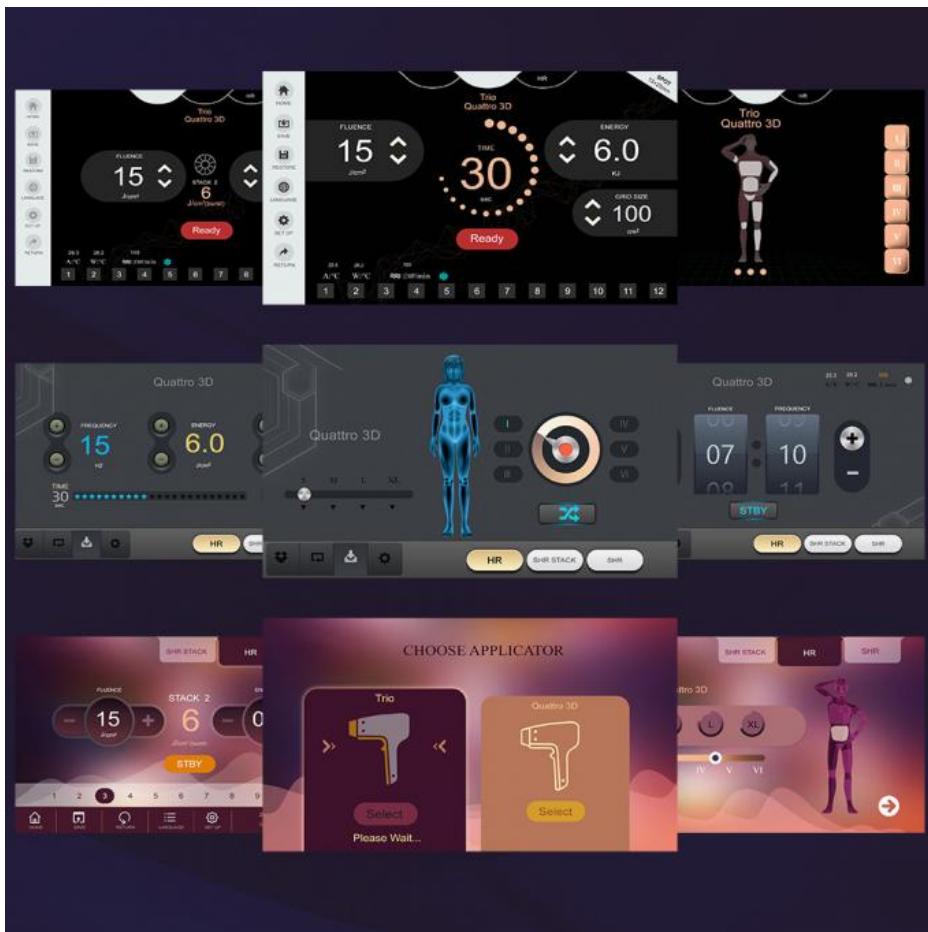

Mobile beauty services: The device is portable, making it ideal for use by mobile beauty services that offer hair removal services to customers in different locations.

Personal grooming: The device can be used for personal grooming by individuals who prefer to maintain their hair removal routine on their own.

The KM D18 Diode Laser Hair Removal Machine is a versatile device that can be used on various parts of the body, including the legs, arms, underarms, bikini area, and face. It is suitable for all skin types and can be used on both men and women.

Overall, the KM D18 Diode Laser Hair Removal Machine is a reliable and effective device that provides a safe and convenient way to remove unwanted hair in various settings. Its portability and multi-lingual options make it an ideal choice for individuals and beauty professionals alike.

Customization:

Support and Services:

The Diode Laser Hair Removal Machine is a high-tech device that utilizes advanced technology to provide effective hair removal. Our product technical support and services include:

Expert consultation: Our team of experts is always available to answer any technical questions you may have regarding the product.

Product maintenance: We offer regular maintenance services to ensure the machine operates at maximum efficiency.

Repair services: In case of any malfunction or damage, our technicians are available to provide repair services to get your machine up and running as soon as possible.

Training and education: We provide training and educational resources to help you get the most out of your Diode Laser Hair Removal Machine.

With our comprehensive technical support and services, you can trust that your Diode Laser Hair Removal Machine will provide safe and effective hair removal for years to come.

The collage includes the following elements:

- OEM/ODM custom** Comprehensive customized solutions: A dark background with text and four icons representing customization options.
- Appearance customization**: An icon of a star and a checkmark.
- Color customization**: An icon of a paint palette.
- Language customization**: An icon of a globe.
- Interface customization**: An icon of a computer monitor with a gear.
- 4000+m² Factory**: An aerial view of a large modern factory building.
- Since 2009 Focus on beauty machine**: Text overlay on the factory image.
- Fast delivery** and **R&D team**: Callout text pointing to the factory building.
- Machine details**: Three smaller images showing close-up views of the machine's internal components, stacked equipment cases, and the machine's control panel and power supply unit.

Why choose us?

1. Credible beauty machine manufacturer and supplier ice platinum

Our company engaged in research, developing, production, sales and after-sale kinds of beauty equipments, over 15 years golden member of Alibaba with Bureau Veritas and TUV certified, over 13 years golden member of Made in China with SGS authentic an. Our products are certified by TUV Medical CE, ISO13485, TGA, ROHS etc.

We are top 1 in transaction level and trade assurance limit with 710,000 USD limit.
